**For Immediate Release**  
**March 24, 2020**

## **Sewer System Evaluation**

**What:** The Department of Watershed Management will conduct smoke test of the sewer system as part of the system evaluation

**Where:** Affected streets during the system evaluation include:

- 1316 Oakland Drive SW
- 1259 Graymont Drive SW
- 235 Candler Road SE
- 15-32 4th Avenue NE
- 50-67 Willow Wood Cl SE
- 91 Lakeview Drive NE
- 2444, 2450, 2460 Hosea Williams

**When:** Wednesday, March 25, from 9 a.m. - 4 p.m.

**Comments:** The Department Watershed Management contractors will perform sewer system smoke tests throughout the City to locate defects and improve the sanitary sewer services. Work is scheduled for Wednesday, March 25, from 9 a.m. - 4 p.m., weather permitting.

**Smoke testing process:** Smoke testing only takes a few hours, and forces smoke filled air into the sanitary sewer system. The smoke is non-toxic, odorless, and fills the sewer line and only escapes to the surface if there are any defects in the sanitary sewer system that need repair.

For more information about smoke testing, visit us online at <http://bit.ly/AtlantaDWMsmoketests>
